

NCR Regional Council  
Cory Beauregard  
Member at Large Report  
January 1, 2017, to April 30, 2017

As most union reps know, this has been an interesting couple of months, with our tentative collective agreements, ratification votes happening and all planning required for these events. Many members have had questions in regards to when the voting would take place and the changes made to the collective agreements.

I started out this time period working on the Stewards Initiative; we were getting prepared for our second event when, as stated above, we received the tentative agreements. We made a decision as a group to postpone the second event to a later date, after the ratification votes have been completed. I look forward to getting back on track with the Stewards Initiative shortly. Please keep your eyes open for upcoming information in the near future.

As everyone is fully aware, this is the year of conventions. As such, I have been honoured to be part of the NCR Regional Triennial Convention planning committee. I hope that everyone enjoys this event and I wish everyone good luck if they are running for a position at this convention. I was also given the chance to attend the National Equity Conferences in March. I learned a great deal about the problems we face today and look forward to working with all of you to make changes in the future.

In regards to our NCR Regional Executive, Triennial Committee & Steward Initiative, I have attended all meetings and taken part in all email discussions and decisions. As this report sums up the end of my first year as a Member at Large, I would like to thank everyone again for their confidence and support.

I would like to end this report with a special thank you to Brother Rousseau. As everyone should be aware before reading this report, he will be seeking an elected position at the CLC Convention, which starts directly after our own Triennial Convention. I would like to thank him for the hard work, dedication and guidance he provided to the NCR Regional Executive over his 6 years in office. Larry, I would

like to wish you the best of luck in your future endeavours. You will have my support at the CLC Convention.

Thank you all again,

Cory Beauregard
