

**David Lanthier**  
**AREVP Report**

Since January it has been very busy in the NCR as we all know, with the Treasury Board and many agencies' and separate employers at the table. I have attended on behalf of the PSAC-NCR Executive many of the rallies and days of actions around bargaining and the OLG workers. My efforts at these events, has been concentrated around solidarity with other bargaining units and community groups to form alliances, gaining contacts and information from the various allies of upcoming actions and/or rallies so we can work collaborate in supporting our common interests. I was proud to attend the Progressive Summit and gain knowledge on mobilization and current issues around the progressive movement. In summary I would like to thank each and every one of you for your hard work over the past few months. Your work is recognized by all and appreciated.

BRAVO et MERCI

In Solidarity

David Lanthier
