

## **Communications committee Report**

Here is a report for the Communications Committee for the period of April 1 through August 31<sup>st</sup>, 2015

The communications committee has been quite active on a variety of topics and events along with forming officially and organizing adequately. The executive of the committee gathered together for a planning session where the Directors set forward intentions for their terms.

The Committee has met through the summer, had representation at the PSAC Triennial Convention, UDP, and all manner of other events in support of the region as a whole.

The Director of Communications, with the Director of engagement and the chair, designed and built a website on behalf of one of the locals in the region. Through this endeavour the local has begun making adjustments and upgrades to their existing site in order to improve their presence with their membership.

With a vacancy in the position of the Director of Outreach there will be an election held on October 13th in the Pat McGrath Boardroom during the meeting of the committee.
