

Report of the Education Committee (January to March 2017)

Winter 2017

- We had to postpone some courses due to the ratification votes, but still offered a number, such as Talking Union Basics, Grievance Handling, Duty to Accommodate and Health and Safety, as well as several evening workshops.
- The Committee is delighted that the evening training modules offered in partnership with the delegates' network met with the participants' approval. If you would like specific topics added to the schedule, please let us know.
- We continue to work with CAPE on the "Reignite Learning" series of monthly presentations and discussions in the form of evening learning sessions on key themes and policy issues. Keep checking the PSAC-NCR website for more information!
- We are working to improve the course sign-up form on the PSAC-NCR website, and hope to introduce the improved form in the fall of 2017.
- We have worked hard to put the finishing touches on the Spring 2017 schedule.

Upcoming

Here are some great courses we plan to offer by the end of 2017:

- Retirement Planning
- Helping Members with Disability Claims (Sun Life)
- Women and Election Campaigns
- Conference for New Local Officers

Suggestions

The Education Committee would love to hear your suggestions. Please email them to us at ncr-education-rcn@psac-afpc.com or discuss them with a Committee member.

The Education Committee would like to thank Regional Education Officer Johanne Labine for her work and her constant support.
