

Mike Chartrand – Member-at-Large Report

NCR Council meeting

April 1 – August 31, 2016

Here is an overview of my activities for the past quarter.

I was nominated member-at-large of the NCR at the May AGM and happily accepted to fill the position for another two years. When the Stewards Committee was created, I immediately offered to champion the cause. The Stewards Committee meets every second month. We had two meetings over the summer during which we outlined our mandate*. We will be launching a series of steward courses in September. We have reached out to the RVPs to find out what they need from the committee. We are also working hard to revamp and update the steward's corner on the NCR website. The committee set a lot of goals and as the champion I fully intend to meet them all during my term.

As an elected member at large, I am committed to represent this region to the best of my abilities and to attend every meeting. I have briefed my component President on the current and future activities. As an executive of the NCR, I participated in varied discussions throughout my term and will continue to fulfill the requirements of the position until the end of my term and beyond.

In solidarity,

Mike Chartrand
