

NCR PSAC Health and Safety Activist Committee

We have met the third Wednesday of every month, one month in Hall the next in Ottawa. We have talked about issues that people are dealing with at their work and what others have done to deal with it. We had people go to the day of mourning April 28 here in Ottawa and in Quebec City. We have started to work on planning a Health and safety conference for next April.

Thank you

Vicki-Lynn Smith

Chair of the Health and safety activist Committee.
