

## Member-at-Large report

Spring/Summer 2025

Submitted by: Alan Craig, Member-at-Large

### Overview

Hello Comrades.

It has been a busy spring and summer. I have been actively sharing the Labour for Palestine Initiatives, I have been educating our members about workforce adjustments (WFA), and I have been attending Indigenous and Inuit initiatives concerning the MMIWG.

More recently, I have been lobbying ministers and my MP about the RTO, the job cuts, and the need for better accommodations in the workplace.

I am still very active in my building's OHS even though I work remotely. It is sometimes challenging but it is important that all are included.

I also attended the Labour Day event put on by the ODLC and greeted the workers, their families, and members of the general public. It was great.

I may be forgetting a few things but in a nutshell, that is it.

Thank you,

In Solidarity,

Brother Alan Craig
